

## GREAT NEWS WE ARE APPROVED

The City of Great Bend has been approved for a grant to replace the racing surface at S.R.C.A dragstrip from the starting line to the return road turnoff. This will provide an all new NHRA spec'd and certified concrete surface for many years to come. This is truly a once in a lifetime event for the track!

## NEEDING HELP

However, the grant will not pay for the removal and replacement of the timing system, starting line and barriers or prep work to the new surface. We need to install NHRA spec approved National Event eligible continuous guard walls as an added safety feature for our valued participants as the down track speeds have increased. SRCA is requesting help with these expenses that are estimated at \$250,000. The board needs to raise these funds by Feb. 2020 so the work can be completed in time for the 2020 season. SRCA is a non-profit 501C3 corp. and donors will receive a tax deductible donation receipt. Visit us on Facebook or at [www.srcadragstrip.com](http://www.srcadragstrip.com)!

For more information contact Doug Reh @ 620-672-8111

Please donate now to support our historic track!
